Businessmodels -
Technology - Mindset

7

POINT

CHECK LIST

Define your CORE and where/what you want to be best at

Understand your key VALUEDRIVERS

Make PRIORITIES – choose projects with the highest impact on your valuedrivers

If you own the problem, you own the SOLUTION. Transformation needs to be driven from the top

Think SCALE.
Application of (the right) technology represents value creation

TECHNOLOGY drives value, but PEOPLE drive technology

PLATFORM THINKING – by looking at your business/assets/ resources.how can you INNOVATE something new?
